What is the Arizona Early Childhood Development and Health Board (First Things First)?

In November 2006, Arizona voters passed Proposition 203, also known as **First Things First**, a citizen's initiative that funds quality early childhood development and health at the state and local level. The Proposition created a new state level board known as the Arizona Early Childhood Development and Health (AzECDH) Board, also known as the Board of First Things First, and the Regional Partnership Councils.

First Things First Mission

The mission of First Things First is to increase the quality of, and access to, early childhood programs that will ensure a child entering school arrives healthy and ready to succeed. This mission will principally be achieved through regional grants tailored to the specific needs and characteristics of the communities that the regions serve with a focus on demonstrating improved outcomes around First Things First's six goal areas given the challenges the regions face. This mission is also accomplished through statewide initiatives that have been prioritized by the Board of First Things First.

This statewide policy and regional perspective are critical to the success of the First Things First mission. Early childhood development and health system initiatives from First Things First will be coordinated through statewide initiatives and regional priorities.

First Things First Goal Areas

The First Things First initiative specifies that programs undertaken by the Arizona Early Childhood Development and Health Board and the Regional Partnership Councils are to accomplish one or more of the following Goal Areas:

- Improve the quality of early childhood development and health programs.
- Increase the access to quality early childhood developmental and health programs.
- Increase access to preventive health care and health screenings for children through age five.
- Offer parent and family support and education concerning early childhood development and literacy.
- Provide professional developmental and training for early childhood development and health providers.
- Increasing coordination of early childhood development and health programs and provide public information about the importance of early childhood developmental and health.

What is the Funding Source?

The First Things First initiative provides for the distribution of funding through both statewide and regional grants.

Of the monies expended in a fiscal year from the First Things First program account, no more than ten percent may be used to fund statewide grants or programs. Statewide programs are considered those implemented across regional boundaries and are designed to benefit Arizona's children as a whole.

This Request for Grant Application is specifically dedicated to funding a statewide program that will work in coordination with the Regional Partnership Councils. Regional funding is based on the approval of the Regional Partnership Council funding plans submitted to the Board of First Things First. Funding for programmatic elements in this solicitation is provided by the participating Regional Partnership Councils; the infrastructure is being funded through statewide program funds allocated by the Board of First Things First. This Request for Grant Application will fund the administration of a companion program to Quality First, and will result in the second signature program for FTF: FTF Professional REWARD\$.

The Regional Partnership Councils that included funding strategies for FTF Professional REWARD\$ incentives to the early care and education workforce are involved in the release of this Request for Grant Application. They include the following:

- Coconino
- San Carlos
- Central Maricopa
- Southeast Maricopa
- Central Phoenix
- North Phoenix
- Central Pima
- North Pima
- South Pima
- Pinal
- Navajo Nation

Who is Eligible to Apply for this Funding Opportunity?

First Things First awards grants to:

- Non-profit 501 (c) (3) organizations providing services in Arizona (both secular and faith-based)
- Units of Arizona government (local, county and state entities as well as schools and school districts)
- Federally recognized Tribal governments or entities providing services within Arizona
- Arizona institutions of higher learning (colleges and universities, including Tribal Colleges)
- Private organizations providing services in Arizona

All potential Applicants must demonstrate organizational, fiscal and programmatic capacity to meet the requirements described in the scope of work listed in this RFGA.

What is the Total Funding Amount Available in this Request for Grant Application?

This is an initial five month contract with an option for renewal for two (2) additional twelve (12) month periods. Total funds available are approximately \$121,529 for the first funding period; and \$383,340, for the second funding period (July 1, 2010 through June 30, 2011). First Things First reserves the right not to award the entire amount of available funds or to award an amount that is greater than the posted available funds. Renewal will be contingent upon satisfactory contract performance, evaluation and availability of funds. Complete two separate budget forms, 1) a 5-month budget and 2) a 12-month budget estimate, for a total of 17 months. The first contract period will be 5 months and if renewed, the second contract period will be 12 months. The 5-month period is estimated to be February 1, 2010 through June 30, 2010. The 12-month period is estimated to be July 1, 2010 through June 30, 2011. A single award will be made, in order to ensure achievement of First Things First requirements.

Scope of Work: What Will This Grant Fund?

First Things First will fund the successful applicant to be the Administrative Home for FTF Professional REWARD\$, a program that acknowledges and rewards progressive education, educational attainment and commitment to continuous employment at a qualified early care and education setting providing services to children birth through age 5. The Administrative Home will function under the direction of FTF to administer FTF Professional REWARD\$ and in collaboration with the 11 FTF Regional Partnership Councils (RPCs) funding incentives to be provided to eligible applicants. The successful Applicant must have the ability to administer and expand the incentives program should additional FTF Regional Partnership Councils choose to fund this strategy in their regions.

Early care and education teachers and directors receive compensation that is below what is considered a livable wage. The median hourly salary of Arizona early care and education teachers is \$9.75 or \$20,280 annually as reported in "A Decade of Data: The Compensation and Credentials of Arizona's Early Care and Education Workforce" (2008); the Federal poverty level is \$21,200 for a family of four. Low wages present a major barrier to encouraging high-quality, well-educated, and well-trained personnel to enter and remain in the field. As described in the Statewide Needs and Assets Report, *Building Bright Futures* (2007), limited resources are available to assist with wage increases. Financial barriers to improved wages include: lower than market rate DES subsidies, few incentives to hire and retain highly qualified staff, and communities where child care costs are at the limit of what the market can bear. Program

providers cannot pay their staff more without raising costs to families, which decreases affordability, and consequently, the availability of care. The high rate of turnover within early childhood professions puts young children at risk of receiving lower quality care in environments where caregivers often change.

The connection between higher wages for the early care and education workforce and improved retention is clear. In North Carolina, where a wage enhancement program has been implemented, turnover rates have been reduced from 31 percent prior to 2003 to 18 percent in 2006-2007 (Child Care Services Association, 2007). The challenge, however, remains one of affordability. If programs are to increase salaries, financial supports, usually in the form of tuition for care, also must increase. Such increases could drive the cost of care far beyond what is affordable by families who are most in need. Several states have addressed this challenge by subsidizing wage enhancements or salary stipends in the form of compensation and retention incentives to the early childhood workforce.

Although a national model of compensation and retention incentives (WAGE\$®) currently exists and is being implemented in four states, North Carolina, South Carolina, Florida, and Kansas, several other states that have implemented wage enhancement programs, including Illinois, California, Georgia and Wisconsin, have chosen to create their own systems to address workforce compensation and retention.

First Things First has developed a system that is Arizona-specific rather than adopting the national model, WAGE\$®. This allows the Arizona model to be fully responsive at a local level without the constraints that come with purchasing a national license. An Arizona-specific compensation and retention incentives model - FTF Professional REWARD\$ - will assure full alignment with other components of the state's professional development system. It is expected that the successful Applicant will assist FTF to align FTF Professional REWARD\$ with Quality First, T.E.A.C.H.® ARIZONA and other FTF professional development system components. This alignment will include a direct link to the T.E.A.C.H.® ARIZONA scholarship program, since providers who receive scholarships and complete college coursework may become eligible for FTF Professional REWARD\$ incentives. It will also create the opportunity to align the staff qualification standards in Quality First with incentive levels (See Exhibit B) in FTF Professional REWARD\$ and to link eligibility for FTF Professional REWARD\$ to participation in Quality First.

Statewide grant dollars will fund the establishment of an Administrative Home to provide oversight and implementation of FTF Professional REWARD\$. The Administrative Home will have responsibility for marketing and outreach in accordance with the brand standards established by FTF; distribution, review, and decision-making of applications; incentive

distribution and monitoring; database management; program and fiscal monitoring; and reporting activities. The successful Applicant must demonstrate the administrative capacity to implement all these ongoing functions of the FTF Professional REWARD\$ administrative home, including determining eligibility for incentives, sending timely incentive checks, monitoring of employers every 6 months, and developing reporting capabilities to enter data into the database which will be created and owned by FTF.

The successful Applicant will participate in First Things First systems development meetings and will work with FTF to develop data systems and operating procedures for program information. The development process will center on conceptualization and standardization of technology and organizational processes for the collection, storage, maintenance, security, retrieval, reporting, and use of the FTF Professional REWARD\$ information.

A qualifying Applicant must have a statewide reputation in early care and education, as well as a proven ability to manage and monitor large-scale statewide programs. In addition, all qualifying Applicants must possess or be able to develop the capability to expand services from the 11 FTF Regional Council service areas to the additional 20 regional areas should those Councils fund incentives for FTF Professional REWARD\$ in the future.

Successful program implementation includes adequate staff of experienced personnel, capable of and devoted to the successful accomplishment of work to be performed under this contract. The successful Applicant must assign specific individuals to the key positions and provide, to First Things First by February 1, 2010, position descriptions and resumes of key staff assigned to FTF Professional REWARD\$. Once assigned to work under the contract, if key personnel are removed or replaced, written notification shall be sent to First Things First; a form will be provided by First Things First for this purpose.

First Things First will develop the logo and criteria for branding FTF Professional REWARD\$. The successful Applicant will adhere to these FTF guidelines.

The successful Applicant of this RFGA must collaborate with the Quality First Coordinator, Regional Partnership Councils via the Regional Administration Division, T.E.A.C.H. ® ARIZONA, and with FTF Policy and Evaluation Divisions. The successful Applicant will collaborate with FTF, child care providers and other early care and education stakeholders in developing and marketing the program. Desired outcomes of this funding opportunity include improved education, compensation and retention of the early care and education workforce.

The successful Applicant will accomplish this by administering the FTF Professional REWARD\$ tiered scale (see Exhibit B) which acknowledges and rewards educational advancement and attainment for staff that have remained with the same employer for at least one year.

Early childhood programs participating in FTF Professional REWARD\$ will be required to be certified, licensed, or regulated by State, Federal or Tribal authorities. The Administrative Home will have responsibility for monitoring and verifying that early childhood programs meet the following eligibility criteria for participation:

- Provide early care and education services to children birth through age 5
- Are in good standing with their certifying, licensing or regulatory authority at the time of staff application for FTF Professional REWARD\$
- Do not use the wage enhancements received from FTF Professional REWARD\$ as a substitute for annual merit or other salary increases.
- Demonstrate a commitment to quality by either (1) being an enrolled QF participant program working towards quality improvement, or (2) submitting an application to be rated on the Quality First Rating Scale when it is available in summer 2010 and committing to being rated, or (3) being accredited by a national organization at a level which equals a 3-5 star rating in Quality First, or (4) currently on the waiting list for Quality First participation and never declined participation in QF.

FTF Professional REWARD\$ will provide a first level incentive when a teacher, director or home provider in a licensed, certified or regulated program completes six credit hours of college coursework. Additional incentives will be based upon educational attainment consistent with the FTF Professional REWARD\$ scale (See Exhibit B).

The FTF Professional REWARD\$ Advisory Committee, whose members will be identified and selected by FTF, will be convened by the successful Applicant to provide on-going advice and direction to the development and administration of the program. The membership of the FTF Professional REWARD\$ Advisory Committee will include a representative from both the FTF Policy Division and the Regional Administration Division. The successful Applicant will have responsibility for coordinating and staffing the FTF Professional REWARD\$ Advisory Committee activities. Policies or procedures recommended by this Advisory Committee must be approved by FTF.

The successful Applicant will also be required to demonstrate a willingness to work with FTF Regional Partnership Councils which have funded FTF Professional REWARD\$, via the Regional Coordinator structure and within the systems of communications established by FTF. In order to document progress towards successful implementation, the achievement of program goals and program outcomes, the successful Applicant will also be required to function within the framework of First Things First evaluation efforts.

This Request for Grant Application is seeking Applicants to address these specific Goals and Key Measures:

First Things First Goal Area to be addressed:

- Professional Development

First Things First Goals to be addressed:

- FTF will build a skilled and well-prepared early childhood development workforce
- FTF will increase retention of the early care and education workforce
- FTF will enhance specialized skills of the early childhood development and health workforce to promote the healthy social-emotional development of young children

First Things First Key Measures to be addressed:

- Total number and percentage of professionals working in early childhood care and education settings with a credential, certificate, or degree in early childhood education and related fields.
- Total number and percentage of professionals working in early childhood care and education who are pursuing a credential, certificate, or degree
- Retention rates of early childhood development and health professionals

Coordination and collaboration among FTF grantees is critical to developing a seamless comprehensive service delivery system for children and families. Therefore, services and programs cannot be implemented in isolation; coordination and collaboration must occur within and across regions.

FTF Policy and Regional staff representing Regional Councils funding the FTF Professional REWARD\$ program will identify opportunities for collaboration and coordination with the successful Applicant(s) of this RFGA. The successful Applicant may be required to attend meetings in the regions that are providing funding. The successful Applicant will also be required to share data with FTF and the Regional Partnership Councils providing funding, that will be used for cross-regional analyses. The successful Applicant will participate in cross-regional and statewide activities that may involve additional meetings. In order to accomplish these tasks, applicants should plan an appropriate budget that would include travel for monthly meetings within the various First Things First regional areas held in various locations, and **one statewide meeting** to be held in Phoenix, Arizona. All travel related costs for these trainings and meetings should be included in the applicant's budget and calculated using the State of Arizona travel policy as described on the budget narrative worksheet.

Any evaluation should be directly connected to the Goals, Key Measures, and Performance Measures and should determine the extent to which the program has accomplished the stated goals and key measures. The evaluation should also measure program fidelity by assessing which activities were implemented and the quality, strengths and weaknesses of the implementation. The successful Applicant will participate in the First Things First evaluation and will meet the requirements of the evaluation including, but not limited to, timely and regular reporting and cooperation with all First Things First evaluation activities. Timely and

regular reporting of all performance and evaluation data includes the electronic submission (through the First Things First secure web portal) of performance measures and other evaluation data as proposed by the Applicant in this Request for Grant Application. Performance measure data must be submitted in its raw form (e.g., number of children served/proposed service number = 52 actual children served/50 proposed service number). The successful Applicant is also required to collaborate with the First Things First longitudinal evaluation. The provider must participate in assessment activities associated with the longitudinal evaluation including tracking and reporting to First Things First data pertaining to participant enrollment and demographic information, all of which must be maintained in a secure and anonymous manner.

Performance Measures are defined by First Things First to determine the key impacts of the strategies, programs and approaches being implemented. The successful Applicant is expected to collect and report data to First Things First on the progress of achieving the Performance Measures. Compensation and Retention Performance Measures for purposes of this RFGA are as follows:

Performance Measures:

- Number of applications/proposed service number
- Number of successful applications/number of total applications received
- Number of participants at various tier levels* / number of participants
- Number of participants retaining employment at each tenure range*/ number of participants
- Number of participants progressing to another tier*/ number of participants
- Rate of participant retention/ strategic target number
- Wage progression/strategic target number
- Salaries of participants/strategic target number
- At least 80% of participants satisfied with FTF Professional REWARD\$ -(minimum questions provided by FTF staff)
- At least 80% of providers satisfied with FTF Professional REWARD\$ (minimum questions provided by FTF staff)
- At least 80% of participating Regional Partnership Councils satisfied with FTF Professional REWARD\$

*as specified and approved by FTF and the Advisory Committee

Specific data requirements (timelines, field names, etc.) will be contingent on database development as set out on page 9. Examples of expected data reporting requirements can be found in Exhibit C; data and narrative reports will be developed by First Things First and will be due at least quarterly.

The evaluation should be directly connected to the Goals, Key Measures, and Performance Measures and should determine the extent to which the program has accomplished the stated goals and key measures. The evaluation should also measure program fidelity by assessing which activities were implemented and the quality, strengths and weaknesses of the implementation. The successful Applicant agrees to participate in the First Things First evaluation and will meet the requirements of the evaluation including, but not limited to, timely and regular reporting and cooperation with all First Things First evaluation activities. Timely and regular reporting of all performance and evaluation data includes the electronic submission (through the First Things First secure web portal) of performance measures and other evaluation data as proposed by the Applicant in this Request for Grant Application. In addition, Applicants agree to allow First Things First and evaluation consultants of First Things First to observe program activities on site.

Performance Measures are defined by First Things First to determine the key impacts of the strategies, programs and approaches being implemented. Instructions to Applicants

A. Inquiries

1. Duty to Examine. It is the responsibility of each Applicant to examine the entire RFGA, seek clarification in writing (inquiries), and examine the Application for accuracy before submitting the Application. Lack of care in preparing an Application shall not be grounds for modifying or withdrawing the Application after the Application due date and time, nor shall it give rise to any Contract claim.
2. RFGA Contact Person. Any inquiry related to an RFGA, including any requests for or inquiries regarding standards referenced in the RFGA shall be directed solely to the RFGA contact person. The Applicant shall not contact or direct inquiries concerning this RFGA to any other

State employee unless the RFGA specifically identifies a person other than the RFGA contact person as a contact.

3. Submission of Inquiries. The Grants and Contracts Procurement Specialist identified in this RFGA, who is the contact for all inquiries except at the Pre-Application Conference, requires that an inquiry be submitted in writing. Any inquiry related to the RFGA shall refer to the appropriate RFGA number, page and paragraph. Do not place the RFGA number on the outside of the envelope containing that inquiry, since it may then be identified as an Application and not be opened until after the Application due date and time. Electronic inquiries are acceptable. First Things First shall consider the relevancy of the inquiry but is not required to respond in writing.
4. Timeliness. Any inquiry or exception to the RFGA shall be submitted as soon as possible and should be submitted at least seven days before the Application due date and time for review and determination by First Things First. Failure to do so may result in the inquiry not being considered for an RFGA Amendment.
5. No Right to Rely on Verbal Responses. An Applicant shall not rely on verbal responses to inquiries. A verbal reply to an inquiry does not constitute a modification of the RFGA.
6. RFGA Amendments. The RFGA shall only be modified by a formal written RFGA amendment. Formal written amendments are posted on the First Things First website, www.azftf.gov. It is the sole responsibility of the Applicant to check the website regularly.

Any doubt as to the requirements of the RFGA or any apparent omission or discrepancy should be presented to First Things First at the Conference. An Applicant may not rely on any verbal responses to questions at the Conference. Material issues raised at the Conference that result in changes to the RFGA shall be answered solely through a formal written RFGA amendment. **Attendance at the Pre-Application Conference is strongly encouraged, but not mandatory.**
8. Persons with Disabilities. Persons with a disability may request a reasonable accommodation, such as a sign language interpreter, by contacting the RFGA contact person. Requests shall be made as early as possible to allow time to arrange the accommodation.

Any exceptions not included in such a section shall be without force and effect in any resulting Contract unless such exception is specifically accepted by the Grants and Contracts Procurement Specialist in a written statement.
